—Score Line (for folding)—

Designed to fit **Sizzix** die
#656024 Ball, 3-D (Pop-up)
www.sizzix.com

1. Print this page twice onto letter paper.
2. Cut out this large flap template from both sheets on the outer solid lines.
3. Cut a piece of 12x12 cardstock into two strips - 6.5" and 5.5"
4. Line up the two large templates on the 6.5" strip of cardstock as shown in the diagram.
5. Cut the outer curves and score across the dashed lines.
6. Fold the rounded panels in.

↓ Two large templates meet in the center of the cardstock strip.

PETAL FOLD ENVELOPE - SMALL FLAP TEMPLATE

—Score Line (for folding)—

1. Cut out this small flap template from both sheets on the outer solid lines.
2. Arrange the templates on the 5.5" strip of cardstock as shown in the diagram.
3. Cut out the shapes and score the dashed lines for folding.
4. Glue the rectangular panels behind the large flaps section and fold the rounded panels in.

This line should be 6.5 inches (16.5 cm). If not, check printer settings and reprint at 100% (no page scaling)
