WHITE PIECES (3" x 4")

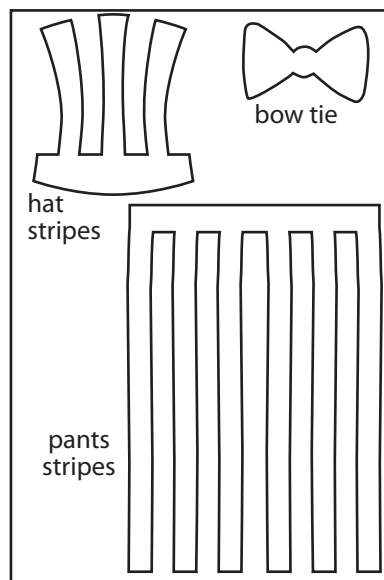

INSTRUCTIONS:

1. Print this sheet, making sure that Page Scaling is set to "none" in the print dialog box. Measure one of the rectangles after printing to make sure it matches the measurements listed. (For example, the rectangle surrounding the White Pieces should measure 3" x 4")
2. Cut out the four rectangles. Paper clip or staple each rectangle to the same size piece of cardstock in the color listed.
3. Cut through both layers with detail scissors or a craft knife.
4. Dashed lines can be scored or cut lightly with a knife to add contours and definition.
5. Layer the pieces to create the Uncle Sam to match the picture. *Tip: use a craft knife to cut along the edge of the hat brim to be able to tuck the hat on top. Add the pants to the Dress Form Pop 'n Cuts™ first and then adjust the vertical location of the upper portion so everything fits inside the card when closed. The shoulders of the dress form can be trimmed, if necessary, so they are not visible.*
6. Shirt buttons can be added with black pen and vest buttons with a white pen.
